Message from Management Feb 2018

Over the past year we have made major improvements, taking in the crucial feedback you have given us. This has helped to improve and maintain standards. We have carried out the following;

- We have improved the food hygiene rating to the highest score of 5.
- There will always be an owner present during service to ensure you get the best quality food and highest level of service.
- We have invested in a state of the art computer system to help improve your experience with us.
- We have a well informed and well laid out website to make placing an order or reserving a table quick and easy.
- We only source tender pure lamb and do not use mutton as a cheaper alternative in our lamb dishes. Many Indian eateries would be using the cheaper alternative to maximise profits instead of lamb, therefore can afford to sell cheap.
- Our chicken dishes are made from 100% pure chicken unlike the the cheaper substitute used by other eateries of less than 50% chicken.
- We only use the largest king prawns available (u/5) in our king prawn dishes, and do not use anything smaller from supermarkets.
- We do no water down our gravy with excessive amounts of water or thin down our mint sauce with milk.
- We close one day a week, to further improve the standard and consistency of food and service you receive.
- We pride ourselves in choosing quality over quantity, and serving authentic dishes with a personal touch. We were voted the best curry house in Farnborough when we came second place in the News & Mail Curry of the Year 2017 competition. We listened, we acted and we excelled. We hope we can continue this with your feedback and support, and continue serving only the best. We look forward to seeing you soon.
