

Here at Serene, a family business, we have been preparing food and serving customers since 1974. One thing we have learned about our customers is that they value quality. That's why we buy top quality in order to ensure only the best fish and lamb are selected. Lamb is filleted, minced and marinated ensuring that we maintain the highest possible standards in keeping with our philosophy of staying in touch with the changing world. And that's why we have increased our kebab range.
